

PeMSAA-UK Academic Award Submission Criteria & Award Procedure

PeMSAA-UK Award for best published Research / Audit/ Quality Improvement Project in Sri Lanka

PeMSAA-UK is keen to encourage Peradeniya Medical Faculty undergraduates and postgraduates to develop expertise in Research and Projects. The PeMSAA-UK Academic Award Panel endeavours to endorse this by recognising the best Research / Audit/ Quality Improvement Project (QiP) produced by the Peradeniya Medical faculty undergraduates and postgraduates. The monetary donation offered is not a prize for an achievement but a support or facilitator towards that achievement.

There are two awards to be presented every year from year 2021.

- i) Undergraduate award
- ii) Postgraduate award

The criteria and submission requirements are different for these two categories.

Undergraduate Award

The CRITERIA:

Mandatory requirements:

- The applicant/s should be registered associate member/s of the local PeMSAA
- The project should comply with basic research/ Audit/ QiP format
- The local research assessment team should have assessed the work and the Supervisor/s should support the submission.
- It should have been presented at the local Medical Faculty Research Forum (*exempted for year 2021*)

Optional requirements: but scored by the PeMSAA-UK Award Panel:

- A follow up project identified from the findings of this work & a mini summary submitted at the time of application.
- Considered for publication in a national/ local journal or presentation at a national/ local conference - submit proof

The SUBMISSION:

- If the work was a collaborative project, the leader of the team should request each and every participants to specify their role and write their reflection on the project in the same submission form (maximum 100 words, we expect a single submission form with everyone's contribution)
- Fields: Basic medical science, clinical (including audit and quality improvement), non-clinical (e.g. health management, health policy), population health or other fields related to health (e.g. health economics, social science, environment, sustainable development).
- The work should have been carried out within the previous TWO years by the time of the submission to PeMSAA-UK
- The submission should have been done before the applicant/s completing their Internship

Postgraduate trainees Award

The APPLICANT should

- Have qualified from the Peradeniya Medical School within the last 10 years.
- Be a registered member of the local PeMSAA.
- Be a fully qualified doctor working as a non-Consultant grade Doctor in the Ministry of Health, Ministry of Higher Education or as a Family Practitioner.

The SUBMISSION

- The work should have been carried out in Sri Lanka. If this was a collaborative project the applicant should be the lead investigator.
- Fields: Basic medical science, clinical (including audit and quality improvement), non-clinical (e.g. health management, health policy), population health or other fields related to health (e.g. health economics, social science, environment, sustainable development).
- The work should have been published within the previous FIVE years or accepted for publication in a peer reviewed national or international journal by the time of the submission to PeMSAA-UK.

The Postgraduate award application should include the following:

- The published/ accepted for publication paper.
- How the results of the project could influence health policy or practice?
- A Reflective summary on the project, potential for future research and any planned follow-up.
- Identification of a research related regional conference and a research/healthcare facility that the applicant would seek to attend/visit to further his/her own research interest.

The Awards

Medical Student/s:

- PeMSAA-UK embossed personalised Plaque/s and Certificate/s
- A gift to the total value of £250.00 in cash

Postgraduate trainee:

- PeMSAA-UK embossed personalised Plaque and Certificate
- A grant for the total value of £700.00 **but this is awarded in two installments.**
 - The first £350.00 at the time of announcement of the winner
 - The final £350.00 would be awarded after the submission of a short reflective report following the attendance at the research related conference/ visit to the relevant research facility/ research related activities. This report would be recommended for presentation at a suitable PeMSAA event.
 - The second installment should be claimed within 2 years of the award date.

Procedures and conditions of the Award
